

**Model: Select Standard**

The Select Standard is our value-based video surveillance solution. This embedded DVR offers up to 16 channels of video and 4 audio and is perfect for small retailers, restaurants, auto shops and business offices. The Select Standard uses the same H.264 Compression Technology as our Professional and Enterprise models, allowing more recording time while using less space. The Select Standard is a single, fully enclosed appliance that provides maximum leveraging of dollars.
